A Tribute to Korean War Veterans

More than 5 million men and women served in the U.S. armed forces during the Korean War. Dedicated on July 27, 1995, the Korean War Veterans Memorial, located on the National Mall in Washington, D.C., honors those who fought in the conflict from 1950 to 1953.

The memorial's most recognized feature is a triangle-shaped field with 19 stainless steel statues that represent the war's cross section of American service members from the Army, Marine Corps, Air Force and Navy. The 7-foot-tall figures appear to be moving toward an American flag that flies next to a reflective pool of remembrance. The reminder "Freedom is not free" is engraved on the pool's stone wall.

Another impactful feature is a black granite mural wall that shows thousands of images made from war photographs of military support personnel, including doctors, nurses and canine corps. The wall's polished surface also reflects the memorial's 19 statues, giving the illusion there are 38 figures. This number is symbolic of the 38 months the war lasted and the 38th parallel that separated North and South Korea.

Ketchup on Some French Fry History

"Do you want fries with that?" It's a question that many folks answer with an enthusiastic "Yes!" In the U.S., french fries are so popular that the average person eats about 30 pounds of them each year.

Despite their name, it's difficult to determine the exact origin of french fries. Potatoes, native to South America, arrived in Europe in the mid-1500s, and Spain, France and Belgium all claim to be the place where the vegetable was first served cut up and fried in oil.

U.S. President Thomas Jefferson, who spent time in France as an ambassador, is credited with introducing french fries to America when he requested that a White House dinner in 1802 include "potatoes served in the French manner." By that time, street carts selling deep-fried foods were common in France, and chefs there had also popularized the julienne technique, the cutting of food into long, thin strips. Both of these preparation methods likely led to the name french fried potatoes, which was eventually shortened to fries.

Whether as a side dish or snack, hot and crispy fries are now offered in a variety of options, including crinkle-cut, shoestring, waffle, curly and steak fries.

Patriotic Movie Picks

Enjoy the Fourth of July with these movies that celebrate the red, white and blue.

"Yankee Doodle Dandy" (1942) – This biographical musical stars James Cagney as Broadway entertainer George M. Cohan, who composed the celebrated tunes "You're a Grand Old Flag" and the World War I anthem "Over There."

"The Longest Day" (1962) – With an all-star international cast that includes John Wayne, Richard Burton and Sean Connery, this drama follows the 1944 D-Day invasion from multiple points of view.

"Glory" (1989) – Denzel Washington and Morgan Freeman star in this Civil War drama about one of the first African American regiments in the Union Army.

"Independence Day" (1996) – An invasion by space aliens, a Fourth of July mission, and a rousing speech about saving mankind make this action movie a favorite decades after it premiered.

"Miracle" (2004) – This feel-good film is the inspiring true story of the U.S. men's hockey team win over the Soviet Union at the 1980 Winter Olympics. Kurt Russell plays U.S. coach Herb Brooks.

"Captain America: The First Avenger" (2011) – With a superhero sporting red, white and blue and a World War II setting, this Marvel Comics adventure radiates American pride.

"Hidden Figures" (2016) – Based on true events, this film follows the lives of three female African American mathematicians who work at NASA during the 1960s space race. The trio overcomes obstacles and helps in the mission to make John Glenn the first American to orbit the Earth.
